4th Grade Students from the following schools will be recognized:

Mendham Township Elementary, Mendham Township
Mt. Arlington Public School, Mt. Arlington
Sandshore School, Mt. Olive
Saint Therese School, Roxbury
Helen Morgan School, Sparta

About the program...

The 4th Grade program is an online NJ Studies program offered at no fee to all NJ schools. The program is a tool designed to help students to develop research, reading, writing, critical thinking, computer and presentation skills as they learn about New Jersey's many point of pride. (Students and teachers say it's also fun!)

Students have submitted their work to be judged in a statewide writing contest. Selected works are celebrated at Student Awards events around the state this spring. All participating students are treated to one of eight minor or independent league baseball game celebrations events in June.

The Student Awards Program and Celebrate NJ! Baseball game nights help make the learning a positive experience, and are supported by corporate partners and donations from people who believe in our work.

Celebrate NJ!, is a non-profit organization that uses educational programs and entrepreneurial initiatives to foster a legacy of pride in the spirit of New Jersey for future generations to celebrate and preserve. For more information about Celebrate NJ!, go to www.CelebrateNJ.org or call Karen Hatcher at 732-333-0462.
